

SUZY PLATT

This year Suzy was asked to be a guest illustrator for New York Fashion week.

Her task was to capture runway highlights of the show from her studio in Dunedin. Many of her pieces were then exhibited by International Fashion photographer Nick Knight of SHOWstudio, London.

Suzy has been asked to be guest illustrator for several international shows now and with the huge increase in her following worldwide, her paintings are now in numerous collections throughout the world.

We are thrilled to bring you a selection of pieces that she has made available for this show...
