PRINCIPAL'S COMMENT

Kia ora koutou

As we near the end of the term, I want to take a moment to commend our students for their focus and dedication. Walking through the school and visiting classrooms over the past week, I have been impressed by the high level of engagement. Our students are working hard across all areas, including academics, group work, the arts, and physical activities. There is a wonderful energy around the school, and it is a joy to see their efforts paying off.

As I mentioned in the previous newsletter, while our teachers work to support your children during the school day, education is not a solo venture but a partnership. Strong, open communication between home and school is incredibly important for a student's success at school.

When we share insights, celebrate achievements, and address challenges together, we create a consistent support network. This collaborative approach ensures that students feel secure, motivated, and understood.

A vital part of the home-school communication is our upcoming Parent-Teacher Interviews. These meetings are a fantastic opportunity to discuss in more depth what your child's teachers wrote in the reports you will receive late next week. They also allow you to gain deeper insights into your child's strengths, areas for improvement, and attitude at school.

To help you get the most out of these conversations, it can be helpful to arrive with a few targeted questions. Here are a few questions to consider asking your child's teachers:

- **Academic Progress:** *"What are my child's biggest strengths in this subject, and which areas need the most development?"*
- **Engagement & Attitude:** *"How well does my child participate in class discussions, and do they manage their time effectively?"*
- **Support & Extension:** *"What can we be doing at home to best support or extend their learning right now?"*
- **Social-Emotional Wellbeing:** *"How do they interact with their peers, and do they seem comfortable and confident in class?"*

The Parent/Teacher interviews will be held on **Tuesday, 30 June**, from **3.00pm to 7.00pm** in the **Hall**, with 5 minutes allocated to each subject. Students are encouraged to attend these interviews with you.

Normal classes will be held on this day until 12.35pm, when school will end to allow time for interview preparation.

In preparation for the interview, please read your child's written reports, which will be available to you later in the week. Please also discuss the progress your child has made toward their goals for the year.

Please book interviews only with your student's subject teachers.

Click the link to make your bookings: <https://www.schoolinterviews.co.nz/code/vtjrp>.

If you have any questions, please do not hesitate to contact the office.

We strongly encourage all parents and caregivers to attend the upcoming interviews. Thank you for your continued support.

Ngā mihi nui

Activities

Climbing Wall

Ex-KVC Legend - Neil Mackenzie

Ex-KVC Legend Neil Mackenzie, a former NZ age-group coach and National League goalkeeper, returned to his old stomping ground to offer some tips to our goalkeepers.

WORLD VISION 40 HOUR CHALLENGE

A number of KVC students are participating in the World Vision 40 Hour Challenge this weekend.

In addition, there is a sausage sizzle, Kahoot, and Jump Jam, all raising funds for this year's cause.

If you would like to donate, please go to the following page: <https://fundraise.worldvision.org.nz/s/21285/23309>

FactBeast Country Challenge

FactBeast Country Challenge is a fun and engaging 15-episode vodcast game series created, hosted, and produced by young people for young audiences. It is the **first youth-led video series of its kind in New Zealand**, providing a platform for young people to share 15 fascinating facts about their birth nation.

FactBeast Country Challenge is currently seeking participants aged 9–19 for this project.

If young people are interested in sharing fun facts about their country, they can register or submit an expression of interest using the link:

<https://forms.gle/jwQZdVuZtwv6gBHd6>

The project run by Ajax Banstola is also proudly supported by Otago Access Radio (OAR FM) and Allied Productions/Southern Television.

Youth quiz to explore global roots

SAM HENDERSON
@thestar.co.nz

A local boy is crafting a clever quiz to celebrate cultural connections.

Ajax Banstola, 12, is preparing to record a production called *Factbeast Country Challenge*.

The programme is a game show exploring what children know about other nations, based on information from youth who have overseas backgrounds but now live in Otepoti Dunedin.

Ajax is no stranger to broadcasting as the creator and presenter of the *Factbeast* podcast on OAR FM.

The new endeavour builds on his experience and aims to help tamariki feel proud of their origins.

"Rangatahi from all around will come and they will explain their home country," Ajax said.

The idea was sparked while he was spending time with friends in the city centre.

"I was sitting with my friends, we were in town, we were just chilling . . . I was like, oh so you were born in Syria, is that right?"

"And they were like yes . . . and then I asked them, what things do you like about Syria? And unfortunately they could not answer."

"This got me thinking that there are more of these tamariki and rangatahi around the community who don't know much about their born country."

"This is why this *Factbeast Country Challenge* was brought to life, so that the rangatahi from around Dunedin could come and express themselves and their home country."

Each episode features an "ambassador" providing facts about a nation while Ajax and a contestant guess the location.

"To start off round one they will share five facts and then me and the other rangatahi will have to write it down to see if we can guess what country it is."

Ajax Banstola, 12, is preparing to record a production called *Factbeast Country Challenge*. PHOTO: SAM HENDERSON

There will then be a facts or fiction round to add to the entertainment.

"It is kind of like two truths and a lie."

"They will share two truths about their country, two facts that are true and one false fact."

"At the end the ambassador will reveal the country."

"There will be a slideshow presented and the country's flag will come up with the country's name and then we will know if we got it right or not."

Ajax thanked his father, Dr Ashik Banstola, for being his mentor.

"He does all the behind the scenes work as in fact checking and giving me a few better ideas on what I should do and how I should do the project."

The Otago Community Trust has provided \$3400 from its Tamariki and Rangatahi Capability Fund to support the initiative.

The grant will assist with costs such as recording the episodes at the Allied Productions studio in Stuart St.

About 15 episodes are planned and when completed,

the series will be hosted on his YouTube channel — *Factbeast with Ajax*.

"A very cool thing is that this is the first of its kind in all of New Zealand, so I'm very thrilled to see how this goes."

Ajax is searching for tamariki and rangatahi from a range of backgrounds to join his *Factbeast Country Challenge*.

Young people who want to explore their heritage by sharing facts about their birth country or who want to have fun as a contestant can email ajax.banstola@gmail.com for more information.

FAM Have A Go Session

Seven students participated in a Functional Adaptive Movement (FAM) Have-A-Go session at the NRG Gym in South Dunedin. Students enjoyed a range of activities, each adapted to meet their physical skills and requirements.

The Gym

By Omar Momani (Year 15)

I went to the gym to exercise. It was fun. I liked skipping.

The Big Sing

By Bella Sinton (Year 11)

The KVC Choir is called Valley Voices. After practising at school, we went in the school van to the Dunedin Town Hall for the choir competition. We sang Wairua o Tepuna, Sky Full of Stars, and Rain Has Fallen at The Big Sing in the town hall. My favourite song is Sky Full of Stars because I like the rhythm. After dinner, we sang this song as our choice in the evening Gala Concert. I liked the Toyota song by Otago Boys High School because it made me laugh, as it was a funny song. The judges told us about our singing and handed out certificates. Everyone clapped. I was proud.

Students Leaders' Morning Tea

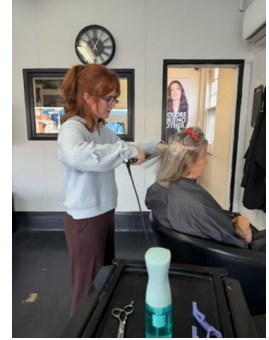

On Wednesday, June 17, Ashlee Walters (Special Education Leader) hosted a morning tea for the Student Leaders and some staff. Ashlee enlisted help from several other Centre students, who prepared food and helped set up the room. After Ashlee's speech, the Centre students performed a karakia and waiata. Everyone then enjoyed a delicious morning tea and the chance to chat.

CAREER MOVES

Year 12 Activities – Work Experience

Sarah Mackenzie is exploring a career pathway into hairdressing through hands-on learning. This was Sarah's last week at her work placement at Playhair in Green Island. Our thanks to Kelly at Playhair for supporting Sarah. In addition to her placement, Sarah attends Otago Secondary Tertiary College (OSTC) each Friday for the Salon Skills course, which she is thoroughly enjoying.

University of Otago: Scholarship Presentation

Our University of Otago Liaison Advisor, Greg Heller, will be delivering a presentation for Year 13 students planning to study at Otago next year. The session will outline the scholarship application process and provide practical advice on writing a strong application.

Where and When: Room D6 on Tuesday, 30 June at 1:00pm

Interested students need to email mabeagley@kvc.school.nz to sign up.

University of Otago: Student for a Day"

For students intending to enrol at the University of Otago next year, or those still considering it, the "Student for a Day" programme offers an excellent opportunity to confirm their plans. Participants can tour the campus and shadow a first-year student - often a KVC student - to attend actual lectures in their area of interest. If you want a realistic look at university life, please see or email Mrs Beagley if you are interested in attending.

University of Otago: Hands-On at Otago 2027

For students considering studying at the University of Otago, the "Hands-On at Otago" programme offers a great opportunity to experience student life for a week in January 2027. A number of KVC students have attended this programme in the past and have really enjoyed the experience.

Detailed information and links from the university are provided below. If students are interested in applying, please see or email Mrs Beagley at mabeagley@kvc.school.nz for assistance with their application.

Otago Polytechnic: Design Presentation

For students who are interested in how creativity can become a job. Interested students can attend a short kōrero with Otago Polytechnic School of Design Lecturer Angus Lewry to explore pathways in Fashion, Product, Communication, and Game Design.

For students who love making, creating, helping people, or making positive change.

Students can also get a glimpse of what Otago Polytechnic Design looks like here: https://www.youtube.com/watch?v=E_p71IH3a4k

If students are interested in attending, please see or email Mrs Beagley, mabeagley@kvc.school.nz or Mr Stevens, pastevens@kvc.school.nz

Where and When: Room D3 on Wednesday, 1 July at 1:00 pm

Otago Polytechnic: Midwifery Online Information Session

For students interested in learning about the Bachelor of Midwifery degree, Otago Polytechnic is hosting an online information session. This webinar covers the first steps toward entering a career in midwifery.

Date and Time: 22 June at 7:00 pm

Students must register via the Polytech [website link](#) below to secure a spot.

<https://www.op.ac.nz/explore/events-and-important-dates/events/midwifery-online-information-session-june>.

Sports News

Congratulations to Azariah Hughes, who has been selected to try out for the Otago Spirit Women's Rugby Team this Saturday. We wish you the very best of luck, Azariah!

Sport's Leader profile - Azariah Hughes

Sports played: rugby, netball, rugby league, volleyball, handball, futsal

Lessons: The biggest takeaway is the importance of leadership and being a role model. I have learned to lead by example and to show younger players how to work as a team.

Role model: I hope my legacy is to inspire younger students to get involved in many sports, work hard, and take every opportunity. I also want to give back by coaching and umpiring junior teams and by sharing the skills and knowledge I have gained from being on Rep Teams.

The Co-Ed Tournament is coming up at the end of this Term. It will take place at various venues on Thursday, July 2, with games throughout the day from 9am to 2.30pm. It involves all of the Co-Ed schools around Dunedin and promises a great day of fun competition. We have entered basketball, netball, football, badminton, and hockey. Teams are by selection, so all those involved should have received a permission form to complete.

Basketball and netball will be held at the Edgar Centre. Football will be at the Logan Park Turf, and hockey will be at the MacMillan Hockey Turf. Badminton will be held in the Bayfield High School Gym. Players will need to arrange their own transportation to and from the venue.

Several students have been asking about KVC Hoodies. They will be on offer again soon. I am waiting for a confirmed price. Keep an eye on your inbox for an email in the coming days.

KVC has three students playing ice hockey with the Queen's High School Team, the 'Ice Queens'. They played on Wednesday evening at the Ice Stadium against John McGlashan College B.

It was a close game, with JMC taking it out in the last minute for a 3-2 win.

This is an example of how we can offer minority sports to our students and collaborate with other schools to make these experiences possible.

Our players are Iseult Wonner from Belgium, Chantal Kistler from Germany, and Year 9 student Declan Seyb. They are all really enjoying playing a new sport.

Mrs Theresa Johnson
Sports Coordinator

Kaikorai Valley College PTA Group

The Kaikorai Valley College PTA Group is a small group of parents who support the College by:

- ✓ running the Second-Hand Uniform Shop. The contact for the second-hand uniform shop is Karen Crawford. Please **TEXT 021 212 8473** to make an appointment to view and purchase uniform items.
- ✓ fundraising to buy resources and equipment
- ✓ organising afternoon teas and suppers for school events
- ✓ Raffles

It isn't a huge commitment, and the group welcomes new members.

If you are interested and would like to help, don't hesitate to get in touch with Mr Stewart Tagg, our Assistant Principal for Year 9 and 10 students, at

sttagg@kvc.school.nz
or call the school on
03 453 6035.

CURIOUS NOTIONS

- ♥ An estimated 50% of all gold ever mined on Earth came from a single plateau in South Africa: Witwatersrand.
- ♥ Owls do not have spherical eyeballs. Instead, they possess eye tubes.
- ♥ Bi-weekly has two different definitions: Twice a week or once every two weeks.
- ♥ The mongoose is one of those rare animals that are immune to a snake's venom.
- ♥ The Gaelic word for England (Sasainn) and the Welsh word for English (Saesneg) both derive from the word "Saxon", aka, the Anglo-Saxons who lived in England before 1066.
- ♥ A group of kangaroos is called a troop.
- ♥ Philodox means a person who loves their own opinion.
- ♥ The polka-dot tree frog (*Hypsiboas punctatus*) glows bright green under ultraviolet (UV) light. This phenomenon is called **biofluorescence** (where they absorb light and re-emit it) It helps them stand out clearly in twilight to communicate and find mates.
- ♥ Originally, Coca-Cola was green.
- ♥ The average Toyota coming off the assembly line today has more computing power than the entire Apollo project had at its disposal.
- ♥ Australia has the wildest camels in the world. There is a town in the Northern Territory of Australia that was raided by 6,000 wild camels.
- ♥ The length between your wrist and your elbow is the same length as your foot.
- ♥ Chrometophobia is the fear of spending money.

Mārama ā Whetū: Light of the Stars (30 minutes)

This captivating show tells the story of the Polynesian explorers who discovered Aotearoa, New Zealand, and their incredible feats of navigation. You'll be immersed in Māori lore and legends related to the southern night sky and shown some of this country's most significant astronomical features. Gather your whānau and friends, grab your tickets, and prepare to be enchanted by the stories of the stars!

Restricted to ages 3 and up.

Children under 14 must be accompanied by an adult.

Various Sessions Daily from 4 July, See Schedule Below at the Tūhura Planetarium.

Adults \$15, Concession \$12, Children \$9 - [Bookings Here](#)

Planetarium Show at Otago Museum

Explore the stories and traditions behind Matariki with a special edition of our *Night Sky Live* show, followed by a screening of *Mārama ā Whetū: Light of the Stars*.

Night Sky Live – Matariki Edition (15 minutes). One passionate science communicator will provide live commentary as you venture into space. They'll also introduce you to the star cluster Matariki and show you how to find it in the night sky.

First Tech Challenge Workshop Opportunities

LEGO Robotics Workshop: FIRST LEGO League Future Edition

Hands-on Workshop

LEGO has just released the new Computer Science and AI robotics kit! Come and explore this new robotics tool in a fun, interactive workshop with Harrison and Adam, members of the award-winning US robotics team Wolfpack Machina.

In August 2025, Harrison and Adam taught robotics workshops at Tūhura Otago Museum, leading to the formation of nine new FIRST LEGO League (FLL) teams. One of these teams won the FIRST LEGO League New Zealand Championship and then represented New Zealand at the World Championship in the United States in April 2026. The workshop is open to participants ages 9 and up. Participants under 14 must be accompanied by a parent or legal guardian.

Note:

The same workshop is being offered on Friday, 16 July. FLL New Zealand is happy to waive the FLL team fee and game set fee for new teams registering for the FLL Future Edition. **Teams must, however, purchase their own LEGO Computer Science and AI kits.**

10am – 3pm, Thursday 16 July and Friday 17 July

Postmaster Gallery, HD Skinner Annex

Free – [Bookings Essential](#)

High School Robotics Workshop: FIRST Tech Challenge

Hands-on Workshop

Come and build a FIRST Tech Challenge (FTC) robot chassis with Harrison and Adam, members of an award-winning FIRST Tech Challenge robotics team from the US. Work with Harrison and Adam to build, then drive, an FTC robot chassis.

While there are over 20 FTC teams in New Zealand and over 9,000 worldwide, the Dunedin area does not yet have any FTC teams.

Are you currently on a FIRST® LEGO® League team and want to grow your skills to the next level? Do you like coding? Do you like building mechanical systems? Do you like computer-aided design? Do you like 3D printing? Would you be interested in getting an introduction to FTC robotics?

If you answered yes to any of these questions, come to this workshop to get a first taste of what building and coding an FTC robot is all about!

FTC New Zealand is looking to start teams in the Dunedin area and would like to talk with people interested in being on teams.

Participants must be aged 13 and over.

10am – 3pm, Saturday 18 July

Postmaster Gallery, HD Skinner Annex

Free – [Bookings Essential](#)

Habitat for Humanity Rent to Buy

Habitat for Humanity would like to support any whānau who want to buy their first home. There are six new warm houses that have been built in Halfway Bush.

Check out the information booklet [HERE](#).

Step into homeownership

Applications are open for Habitat's three-bedroom rent-to-buy homes in Dunedin. This is the perfect opportunity for people to make homeownership a reality.

There is no deposit needed to move in, and each rent payment goes towards owning your own home, giving you a hand up onto the property ladder.

How it works:

- ✓ No deposit needed
- ✓ Support from Habitat to achieve your dream of homeownership
- ✓ Rent goes towards buying the home
