Pink Shirt Day a Success

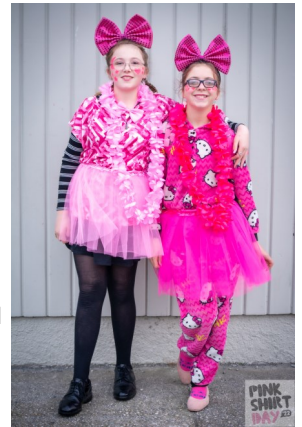

On Friday a large crowd participated in a range of activities to support the "anti-bullying stance" of Pink Shirt Day. This year's theme was "Be a buddy not a bully!"

The amazing Pink Shirt Day student volunteer team coordinated a range of activities for the participants to interact with one another in a positive manner. There was face painting, a Just Dance interactive activity, fake tatoos booth, a selfie wall, balloon animals, chalk drawing and colouring in activities. Random spot prizes were given out as well as awards for best dress and pink house groups.

Enthusiasm was high to win this as it is a Pizza/Gaming or Pizza/Glamour lunchtime to be redeemed later in the term.

A huge thank you to Current Counselling for donating all of the prizes and supporting the day. Approximately \$170 was raised to go to the Pink Shirt Foundation. *Kimberley McClure- Guidance Counsellor.*

Tokomairiro High School Newsletter...

SCHOOL MISSION: Inspiring Excellence in Education, in Character and in Life.

Kia ora,

I will be returning to attendance several times in these messages and today is one of them. As mentioned previously in my second letter of the year "if a student attends school every day and is punctual to every lesson we get to see them for 11% of the year. Which leaves 89% for other activities. This is not a lot in the big picture and is why we stress about attendance and why every day and every period is precious"

It is obvious that with government decisions recently investing heavily in attendance there is an issue we need to deal with if students are to be successful. Education Minister Chris Hipkins announced an \$88 million package to tackle school attendance issues, particularly due to Covid-19 impacts. As a staff we are noticing that students have become lethargic towards their studies and have not developed good study habits reducing their ability to develop skills and achieve academic success across all subject areas. Attendance in extra curricular activities and sporting participation is also down.

Recent research has revealed that each additional half day absence from school predicts a consistent reduction in the number of NCEA credits a student subsequently attains – whether that is the student moving from 100% to 99% attendance or moving from 71% to 70% attendance. Some research that I was involved in at my previous school indicated very strongly that if a student's attendance falls below 80% while in Year 11-13 they are unlikely to achieve the number of credits required to achieve the NCEA award for their particular year. Junior students with the same level of attendance will have significant gaps in their knowledge which will also affect their ability to transition into the senior school and their NCEA studies will be hampered as a result.

What can parents do to help their children and the school to reverse this worrying situation? Regular checks on Parent Portal will give you a picture of what is happening for your child. The link to this is on the top right corner of our website landing page.

If you require the logon details, please contact the main office and we will advise you again of your password etc. We also included some attendance data per subject in our most recent reports. Once on the portal click on timetable which will show you the attendance for each week. We are looking for anything that is not a **P** (Present) as an area of concern. More detailed attendance will be emailed to parents in the next week.

The first part of our mission statement is "Working together to inspire excellence in education, in character and in life." Attendance in class will contribute nicely to all three area of this mission. The school cannot do this alone and we therefore need to work together to get the best opportunities for our students and your children. Its not too late to take action, everything we do now will reap benefits in the future.

Ngā mihi,
Declan Sheridan, Principal

Message from Milton Medical Centre

Milton Medical Centre is experiencing a GP shortage since Dr Gardner left the practice. If you require an appointment with a GP (eg to renew regular prescriptions) please call two weeks in advance.

Same day scripts are no longer available. Phone scripts will be completed in 2-3 days.

We do have limited USE ON DAY appts available for unwell patients, you can book one of these by phoning the practice after 8:30am.

We understand this can be frustrating for patients when trying to get prescriptions and appointments but staff at the medical centre are doing our very best to accommodate you as best as we can. The practice is under increased pressure due to COVID and flu infections in our community. If you are unwell with flu symptoms please remain at home and contact us if your condition is worsening.

We appreciate your co-operation and patience at this time. Thank you for your continued support.

The Team at Milton Medical Centre.

Toko Rugby Report

In freezing cold weather on Saturday, Toko took on Clinton at home in a match where Toko was determined to prove their semi final credentials.

Toko opened the scoring with an early try to Remi Young, but Clinton disrupted Toko's forward battles and were gritty in their defending to hang in there until halftime. Liam Kingma crashed over to give Toko a slim 14-10 lead.

In the second half, Toko forwards tightened up and didn't push passes which gradually wore Clinton down and produced a strong dominant effort. The team clicked in tricky conditions but still scored some outstanding team tries. The fulltime score was 39-10 to Toko.

For Toko, Liam Kingma continued his strong season along with Kieran Calteaux. Jerry Frost was a major factor defensively. In the backs, Dion Shaw cleared the ball well, and Jared Hayes was elusive running the ball back.

Next week is a massive game vs Crescent at Kai for the much sought after Eddie Scott Trophy, so expect a lot of support going there to give the boys a lift.

RSA News From the Trenches

What an absolute freezing weekend weather wise. Paddy's not too keen to deliver this weeks report, so wants me to keep it brief, so he can get back in his nest and keep snuggled up.

We've gone through the subs paid this year, and we've noticed that there are a few still outstanding, so lets make sure these get paid asap for the benefit of all members.

Thursday night raffles have been going gang busters with queues out the door which is just fantastic. I had a new helper this week and I think she may have brought a few more admirers to the raffle table. Clearly the usual two old guys may need to up their game.

We're just putting together the final details of our sporting comp prize giving and it promises to be a highlight of the year - more to come in the upcoming weeks.

Paddy is getting his feathers ruffled as he has to fly this report to headquarters, so keep warm and come down to the RSA.

Milton Elder CARE Trust

The trust is holding its AGM on Monday 13th June, in the Elder CARE rooms and are looking for some new members. We meet once a month, usually for 1-2 hours. Funding is a big bit of our expenses as we now have meals for two days for clients and volunteers. Wages for our co-ordinator is another big item. Also, the clients get transported to the rooms, and for outings. It all costs and we need to have a happy group.

So if you think you could come and share some ideas, we would love to see you at our meeting.
