Year 13s Farelled

The Year 13 students were farewelled at a special assembly on Friday afternoon. There were plenty of laughs as fake certificates were handed out, reflecting on some of their personalities. A slideshow followed which recounted highlights of their years at Tokomairiro High School, from camps, to school balls to athletics days and more, and then the whole school performed the haka. We wish the class of '23 all the very best for whatever the future holds for them.

New Skills at Outward Bound

During the school holidays I was lucky enough to receive a scholarship for an outward bound course through the school, the course goes for three weeks and you are put into a group with 13 other students you don't know.

Josh Lister with his Outward Bound group—(middle row, second from left)

During the time I learned a heap of new skills, and completed lots of challenges I thought I could never do, some of these would include multiple days out at sea sailing and multiple days in the bush tramping, white water kayaking and lots more. During an outward bound course you get many opportunities that are yours to take or leave. I would highly recommend outward bound to anyone who likes being outside and challenging themselves.

School History Passed On

Recently we were contacted by Steve Carter, son of Tokomairiro High School's founding Principal Allan Carter. Steve offered us a scrapbook of the school's establishment and early years, which was compiled by his late father. The scrapbook arrived last week and staff have been interested to look back at the many newspaper cuttings, photographs and other memorabilia which have captured this piece of our history and feature events from the first day, staff and prefect photos as well as many snippets about sporting events, new classrooms and prizelists. The school is very grateful to Allan Carter's family for passing this onto us.

News from the Board...

Included in this copy of the Genesis is our Community Consultation document. We invite you, as a member of our community, to fill this out and return it to the school office by Friday 10th November.

SCHOOL MISSION: Inspiring Excellence in Education, in Character and in Life.

Kia ora

We have farewelled our senior students who have now left to begin their study leave and we wish them well in their endeavours. Our Year 13s who will not be returning had a leavers assembly on Friday and they shared some memories of their time with us. They were emotional after 13 years of schooling as this was a big milestone in their lives.

We now have time to focus on our junior students who are in fact the oldest students in the school at the moment so are for a short time our senior students. We are expecting them to rise to this challenge and impress us with their maturity and display our school values of Respect, Responsibility and Excellence.

The school board is conducting a survey to discover the communities want for the school's strategic plan for the next two years. A questionnaire was issued in the last issue of the Genesis and there are spare copies in the town library, 4 Square and Supervalve. Please take the time to think about what the school needs to do to ensure that they are meeting the needs of our students.

Next Monday 13th subject teachers are meeting in subject clusters to discuss plans to move forward with the new NCEA programme. As a result, the school will be closed to all students as we begin this important planning process.

Enjoy the improving summer weather and spare a thought for our senior student's studying and revising hard indoors.

Bible Reading for the Week

"I have told you these things, so that in me you may have peace. In this world you will have trouble. But take heart! I have overcome the world." - John 16:33

Fundraising for TELC Project

Tokomairiro Early Learning Centre is a not for profit and community owned early learning service, and since opening in 1991, we have played a part in the care and education of thousands of children who have passed through our doors and been a part of our TELC community. We watch with pride as we see our graduates up on stage at school productions and the high school prizegiving and as we read about their achievements in the Genesis.

We are currently fundraising to build an extension to the existing building at our Spenser Street centre, which will provide an extra 36m² of available play space and allow us to offer the Milton community 10 further spaces.

This extension would provide many positive benefits for the Milton community, including opening up places for the high number of children aged under two who are currently on our waiting list. We are the only licensed provider in Milton for children in this age group. We also have children aged three and four who are waiting to start. Many of the children on our waiting list are not able to start till well into next year due to a lack of available spaces and are therefore currently missing out on the many positive benefits that participating in early childhood education can offer.

If there are any community members, businesses or organisations that would like to contribute towards the construction of the extension by making a cash donation, this would be most appreciated. Any donations above \$200 will be acknowledged on a sponsorship board that will be prominently displayed at the Centre. If you would like to make a donation via internet banking, this can be deposited directly into our fundraising account which is 03 1736 0006469 01. Please include your name as the reference, so we are able to acknowledge your contribution. We would be very grateful for any support received.

If you require any further information, please contact our manager Joanne Mead on 03 4178180 or by email telc@xtra.co.nz.

Future Focused Learning

Students at Milton Primary School have loved the extensive learning opportunities that have come as part of our involvement with the South Otago Future Focused Learning project over the last few years, and this year has been no different. All our ākonga have been involved in various ways, from a fortnightly enrichment programme for selected senior students, to online Zoom workshops for whole classes—there has been something for everyone!

With our main focus this year on our local community and our natural environment, there has been plenty of scope for using digital tools to present our learning and message to our audience. If you were able to come to any of our Tūhura sharing afternoons this year, you would have seen us in action, sharing projects such as working light up Matariki circuits, robotic pests and traps, Lego robots that tell our migration stories, and many more!

Some of our projects will be on display along with learning from other South Otago schools at the Future Focused Learning exhibition at the brand new Te Po ō Mata-Au in Balclutha on Tuesday 28th and Wednesday 29th November. You can expect to see green-screened local landmarks from our Junior team, a movie highlighting fantastic aspects of our school from the Senior team, as well as some flight-themed video games and working controllers from our latest science topic. We'd love to see you there!

Clutha Vets South Otago Cricket Update

The Valley Stingers kicked off their season with a 57-run victory over Milton. Valley batted first and posted 130/8 in their allotted twenty overs. Luis Smales and Daniel Cragg provided a solid opening partnership, laying a foundation of 33 runs. Milton's Murphy Lister claimed his premier wicket by dismissing Cragg. Brad Milligan and Ben Cameron's efforts helped Milton regain momentum, but a 51-run partnership between Bevan McCall and Lachlan Johnston steadied Valley. McCall's unbeaten half-century (54*) anchored Valley's innings. Ben Cameron shone for Milton, taking three wickets for 12 runs.

In response, Milton's opener Dylan Greer showcased his batting prowess. However, Valley's Richard Ray and Bevan McCall made a strong comeback, taking key wickets. Despite promising starts, Milton's middle order failed to capitalize. Ultimately, accurate bowling from Daniel Cragg and sharp fielding led by Richard Steel led to Milton's downfall, bowled out for 73 in the 16th over. Luis Smales claimed three wickets for 18 runs.

Meanwhile, Waihola secured a thrilling four-run victory over Clutha in Balclutha. Waihola posted a total of 139/5 after being put into bat. Despite losing opener Toby Greene early, partnerships built by Dylan Bungard and Brad Williams were instrumental. Williams' unbeaten 41, including a spectacular shot onto the grandstand roof. Clutha's Kelan Smith stood out with figures of two for 13.

In their chase, Clutha's top order performed well, with skipper Caleb Carson leading the charge with an impressive 45. However, some poor running between the wickets cost Clutha dearly, resulting in three run-outs. Although Clutha needed ten runs in the final over, they fell short by four runs. Carson's innings was the standout performance for the Comets. Dom Grinton contributed 26. Craig Gordon two for 14 but a good team bowling effort from Waihola in testing conditions.

RSA News from the Trenches

Another week rolling past as we're not far away from Christmas festivities.

We hosted Greg Manson's 60th Birthday on Saturday which was another fantastic occasion, reinforcing our standing at the premium social

venue - so if you're looking for a place to hold your party, then look no further.

This coming Saturday commencing at 4pm is our NPC & World Cup prizegiving where all will be revealed as to who will reign supreme. I predict we will be crowning a new champion. This promises to be a highlight of our jam packed social calendar. As Saturday is also 11th November this marks Armistice Day which is a very important day in our history, as such we will be marking this at the cenotaph at 11am, with all most welcome to attend.

Our Xmas Ham raffles have been drawn with one of our winners Donna being particularly happy it wasn't referred to as a spitroast. At time of print we were just gearing up for our Melbourne Cup day on Tuesday.

Antoinette has been pretty busy this weekend and has slipped me a bit of news going on. First lets just be careful out there as one member had an unfortunate accident colliding with a stationery bicycle in their haste to get away. The bicycle was left unharmed. Finally who takes their chickens for a walk?? Colin Calteaux let his out for a run, and they returned the favour by destroying his garden. As a result Colin has been eating chicken for the last few days. So be careful with Antoinette around, she passes on all the gossip. Naughty girl!!!
