When in Rome....

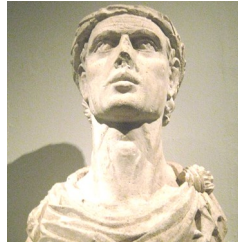

In the second term several Tokomairiro High School students were privileged to have been taught by Otago University student teacher Anrozelle Lategan. Ms Lategan supported learning in the Year 7/8 homeroom setting, as well as the 9/10 Ancient World Social Studies class.

As an expert in the field of Classical Studies, Ms Lategan was able to share her passion for the Roman world, and students experienced gladiatorial combat, shield making, virtual tours of Ancient Rome and even an authentic Roman feast, complete with period-appropriate costumes.

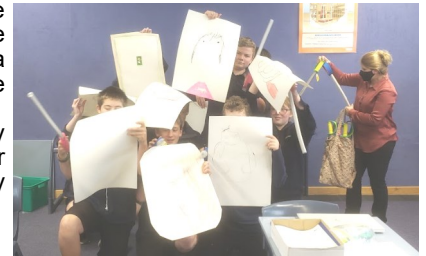

When asked for comment on the experience, Keanus Atticus Atlas (Keanu Atwell) reported that he greatly enjoyed Ms Lategan's lessons, particularly the one where students were required to give themselves their own Roman name.

No Roman get together would be complete without a re-enactment of the assassination of Julius Caesar, and Ms Lategan graciously

volunteered to stand in as the man who oversaw the transformation of Rome from a Republic to an Empire to close out the term.

We all wish Ms Lategan the very best as she continues her journey toward becoming a fully trained and qualified teacher!

Science in Semester One

Science at Tokomairiro has had a busy few weeks. We have just ended semester one and the seniors have been busy tidying up assessments ready for the change over into semester two. They should be now settled into the new semester and getting geared up for some new learning.

Our junior school has been busy getting their Science Fair projects completed and the range of different projects shows the many interests our students have. Arni-ka Williams in year 8 certainly got everyone's interest with her mummified sheep heart! Come down and see all the different projects at the Tokomairiro Expo on the 6th and 7th of July.

The juniors have also had some other engaging tasks going on as the end of semester one approached. Picture below are the silage stacks the Junior Farmers class have been making and a Matariki display that was made in Mrs Mickey's class.

An exciting opportunity for our young scientists to get involved with is the Dear Nature podcast writing competition. To enter, students need to produce a piece of non-fiction writing about a scientific discovery that is no longer than 1500 words. The winning piece of writing will feature on an episode of the Dear Nature podcast and there are also other prizes to be won. You must be in year 9-13 to enter this competition. Please talk to your Science teachers if you need further information.

We are all underway for semester two and looking forward to more engaging and exciting learning.

Tokomairiro High School Newsletter...

SCHOOL MISSION: Inspiring Excellence in Education, in Character and in Life.

Kia ora,

We are in the final week of term 2 and it has been a very busy and challenging one for both students and staff. I am sure all will be looking forward to a well-deserved break. Ready to begin again next term. In this final week we will be holding our celebration assembly on Wednesday 6th to recognise those students who have achieved excellence marks in the achievement standards and also those with consistently high grades in their diploma marks.

This will coincide with our annual student expo which will be held in the school library. To round off the term on Friday 8th we will be holding some inter-house competitions followed by our postponed cross-country event.

Tokomairiro High school is representative of our community, and we mirror to some extent what is happening in our town. We are very committed to providing a safe and secure environment for our students and staff.

With this in mind, we will be engaging the services of a private firm NZ Detector Dogs, a company with an excellent track record of helping organisations in the business and education sectors to ensure their environments are free of illegal drugs.

NZ Detector Dogs takes a non-threatening, non-invasive approach when inspecting for drugs. As part of the process, a member of the senior leadership team will talk to students about how the detection process is carried out. The detector dog will then inspect all classroom environments while

students are removed to another supervised area.

The company's personnel have the knowledge and the skills to ensure everyone's rights are respected and protected during inspections

I must emphasise that in no way does Tokomairiro High School have any kind of drug problem. We are merely choosing to be proactive rather than reactive in our strategy to prevent drugs entering the school gates. We will also be delivering some drug education programmes to our students to make them aware of the dangers that exist and how to avoid them

If you wish to discuss this matter any further, please do not hesitate to contact me at the school on 03 417 8620.

Enjoy the rest of the term and feel free to join us for any of our activities

Ngā mihi,

Declan Sheridan, Principal

The Genesis office is open Monday and Tuesday 8:30am - 3:30pm. If the office is unattended, any articles, advertising or payments can be taken to the school office or left in the secure box in the office door.

Genesis Deadlines: Advertising - Monday 9am, Articles - Monday 12 noon. Articles/ advertisements can be emailed to the Editor at genesis@tokohigh.school.nz. Genesis is delivered FREE to your letterbox from Tuesday 4pm to Thursday 6pm.

Any payments or donations can be made to Tokomairiro High School, account number 03 1736 0009803 000. Please use GENESIS and your name as reference. - Carolyn Shanks, Genesis Editor

Head Prefect Follow-Up

Last Monday, 27th June, I interviewed the head students of Tokomairiro High School as a part of my Vocational Pathways work experience. I spoke to them about how their year was going so far, and their plans for the future.

How did your first two terms as head boy/girl go?

Seth: *There's responsibilities all the time, I've got to live up to the role, both inside and outside of school.*

Shannon: *It was pretty weird, there wasn't much to do because of covid, but on ANZAC day we became more visible. (They went to the ANZAC parade as the head students.)*

Is there anything you would have done differently now that you look back on it?

Seth: *Would have focused more on next year - courses, university etc*

Shannon: *Focus on school more, it was a change from covid, which hit hard.*

What are your plans for this semester?

Seth: *Knuckle down on the work in the last half, and be more visible in the community.*

Shannon: *Hosting Taieri College who is coming, following our visit there in June. We hope to invite more visitors from other schools to Tokomairiro. We also hope to have more activities outside of Milton too.*

Is being head boy/girl any different from what you'd thought it would be?

Seth: *It's been smoother than I expected, but there is a lot going on in the background.*

Shannon: *We've seen how the others before us have done it, and it's gone fast. Thought there would be more pressure on us.*

Do people treat you differently from before?

Seth: *Not really, it's pretty much the same.*

Shannon: *People still don't really know who I am so it hasn't changed*

Tokomairiro Community Hub News

Hoping everyone had a lovely long weekend and celebrated Matariki with their loved ones.

We have had a busy start to the winter season in the Hub. We are continuing to provide our usual health and social services - The Milton Foodbank referral service, Mirror HQ Services, Well South Brief Intervention Service, Plunket, Clutha Budget Advisory Service, Community Law Otago, Stop Smoking Coach, Stopping Violence, Adventure Development, Massage Therapy, K1W1 Counselling, ACC Counselling, Project Bruce, South Coast Psychology and a representative from the office of Ingrid Leary.

Unfortunately, we have lost our Methodist Mission Community Specialist but the new Community Chaplains who are volunteering in the Hub on a Tuesday and Thursday morning are working well to fill this gap.

The free market is still running weekly with bread arriving most Tuesday afternoons and food provided from Project Bruce through KiwiHarvest on a Thursday morning. We are always looking for food or fresh produce donations for the sharing pantry as rising food costs are making life difficult for some families.

The Tokomairiro Community Hub would like to say a huge thank you to The Lions Club of Milton for their \$2500 donation! This will go a long way towards replacing the damage done and vouchers stolen in the Christmas burglary.

Bible Reading for the Week

'In him and through faith in him we may approach God with freedom and confidence.' *Ephesians 3:12*

Tokomairiro Training Mid Year Report

Nineteen students are currently enrolled at Tokomairiro Training. Some are working full time on NCEA levels one and two while others are participating in the Forestry Pathways course which is giving these students an insight into the forestry industry as a whole.

Practical skills, as part of some of the industry unit standards, are an attraction to this programme.

A general knowledge of health and safety which is also included in the unit standards delivered on site, and is also seen by the students as being useful knowledge if moving onto employment in any area within the primary industry sector.

Despite Covid and flu' type illnesses, overall attendance on this programme has been particularly good for the first half of 2022. This is an indication that the majority of students are enjoying their time on the course.

Milton Primary Arts Week

Milton Primary experienced a lot of excitement last week as our inaugural Arts Week got underway. Akonga had the opportunity to learn about a subject from the Arts curriculum for five afternoons in addition to their usual classroom programme. Dance, clay, sketching, and digital technology were among the options available to the students.

With clay, they initially practiced the skills of rolling, pinching and coiling the clay. They then used these skills to create their own photo frame which they decorated using a variety of techniques.

The digital art group spent the week building Lego Robots, designing a holder for a marker or paintbrush and then coding the robots to move! Thinking about how to create a code that in turn created an interesting artwork was very challenging! There were lots of things to think about, like how to keep the paper still, how to use different colours or textures and how to keep the robots clean at the same time!

Dance saw the children exploring the elements of dance and creating a dance together to share. They were lucky enough to have a guest dance teacher come to school to teach them new dance skills. They also explored different culture's traditional dances.

Sketching saw students exploring observational sketching techniques within artwork of still life. It was a fruitful experience with the children sketching an apple. Their sketch was then copied, allowing them to explore using pencil shading, paint, water colours and pastel effectively to add colour, depth and detail.

It was a messy, enjoyable, and creative week that resulted in some amazing pieces of finished art where students expressed themselves in these media. Artworks were stored and performances recorded for an exhibition later in the year. We look forward to having another Arts Week in Term Three.

2022 at Tokoiti School

The first half of the year has flown by, we can't believe Term Two is almost finished! The Trekkers have really been enjoying the Future Focus Learning, the Zoom session to learn how to code using scratch was awesome and we have been having lots of fun learning how to code our Lego robots. We are very lucky that thanks to South Fuels and our sponsors D B Riverside Dairy Ltd, Greer Logging Limited, Moor Family Farm Ltd & Allandale Park Farm Ltd we have 1:1 devices for all our Trekkers which makes future focused learning so much easier.

The first official Matariki Public Holiday has been a great opportunity to reflect on what Matariki means to us. We were very proud of the artworks the Trekkers displayed at the Matariki Market on Thursday night, massive thank you to the organizers for such a great event and for giving us the opportunity to show our work.

Have you ever wondered what the Tokoiti Trekkers stands for? Trekker is the acronym for our school values, Trust, Respect, Excellence, Kinship, Kindness, Environment, Responsibility and Self Control. We think the name really suits our awesome tamariki too! If you think our values would fit well with your whānau our door is always open, we would love to see you at the great little school up the road!

RSA News From the Trenches

. Another full on week down at the RSA with a big crowd on hand watching Saturday's AB Test vs Ireland - pretty sure no one will have the predicted correct score so it will jackpot this week. If you haven't got tickets to test in Dunedin this week, RSA is the only place to watch it.

The membership draw is still climbing rapidly and I am reliably informed it hasn't been struck in six months which is amazing considering big crowds we get on a Thursday night. Jenny Good just missed out as the number was announced.

Its birthday week for two characters at RSA both Bob Clark and Bert Pringle celebrate their birthday - so go give especially Bert a big hug and he celebrates another year older! I don't think they're similar age as someone pointed out!!!!

Not many weeks to go until NPC Tipping Comp kicks off on 22 July so get your entry in. Rest assured there will be no netball games in this comp. Apparently there have been grumblings that I never acknowledged 3rd place of Super Rugby Comp just completed - threats of legal action bandied around. There is a long standing battle with this individual, and his name will not appear in any publications.

Another fun night being launched is our 2nd Wild Food night which is hoping to build on the hugely successful event last year - this will be held late August so keep an eye out for further developments. If its as half as successful as last year, this will be a great occasion.

- Private Pike

Milton Elder CARE Report

What a change in weather over the last two months, with May being quite warm and lots of interesting activities taking place. Housie is usually the first day of the month and I understand the group all look forward to playing. A speaker came, and then the next afternoon cards and scrabble were played. Pete and Eve came and sang and are always well recieved. A trip out, another speaker, card making and Sylvia and Eddie finished off the month.

In June the weather became more winter like, but the rooms are always warm, so once again housie, a long weekend then cards and board games were played. The next week started off with singewrs Sharon and Colleen, we had crafts then a trip out. After another speaker, we had Trevor Graham singing, and 'This is your life' books that the clients are all doing about their lives.

If you think you would be interested in joining the group, come along on a Monday or Wednesday after 10am and have a look. You will be made most welcome.

Invitation to watch some VERY GOOD GOLF...

SUNDAY 10th JULY

This coming Sunday, our Toko Golf Club hosts the South Otago Age Group and Open Championships. Teeing off at 11.00 am, you have the opportunity to watch some of Otago's best players match their skills against our course. These names include Tom Lee (+3.1) Otago, Matthew Crawford (+1.2), Callum White (+0.6), both from St Clair. We also have a number of players on scratch including an ex Milton lad; Ryan Littlejohn.

This is one of the few opportunities we will have to see this level of golf, so grab a drink and some refreshments from the dairy and geton up to the golf club.

Looking forward to seeing you there!

Operations Assistant

Clutha District Council

Get paid while you study?

If you think this sounds too good to be true, you are wrong! We're looking for outstanding talent to join our Service Delivery Team following internal promotion of the previous Operations Assistant

This is a real opportunity to study toward an engineering qualification while getting paid for a wide variety of work in water services related operations and maintenance activities. Some of it is practical, great if you like to work outdoors, but be prepared for some office time too.

The essential ingredients are:-

- Enthusiasm
- Practicality
- Willingness to learn.

We will add support from experienced staff, a few laughs, study support and leave. A minimum of Level 2 achievement in NCEA (particularly Maths and English) is required for acceptance into the study programme.

It's the best of both worlds – the opportunity for Tertiary study while you earn and learn practical skills. At the end of a few years you will end up with great, proven future career options in a growing industry that needs more people.

If this role sounds like you, we would love to hear from you.

Please visit our Recruitment Hub for further information and to apply for this awesome opportunity.

<https://cluthadc.recruitmenthub.co.nz/>

Steve Hill
CHIEF EXECUTIVE

PRODUCTION TEAM LEADER

Fairview South Otago is a family-owned business that was established in 1994 and has grown to be very successful in providing top quality aluminium windows and doors to the Otago and Southland regions.

We are seeking a motivated and driven individual to join our team in a full-time, permanent role. Experience in leading a successful team is essential.

The successful applicant would possess the following:

- Strong attention to detail
- Excellent communication skills
- Self-motivated
- Work well within a team environment
- Excellent time management
- Competent on a computer
- Physically fit as heavy lifting required

As a Production Team Leader, you will be expected to:

- Lead a Fabrication Team to achieve KPIs
- Run daily Team meetings
- Ensure production schedule timelines are met
- Ensure Health and Safety Protocols are followed
- Learn how to fabricate and cut aluminium joinery
- Manage inwards goods
- Outwards loading and deliveries (forklift licence required; training can be given)
- Be confident using hand tools and power tools

Remuneration will be negotiated based on experience.

Applicants for this position should have NZ residency or a valid NZ work visa.

Please apply with your CV and a cover letter to laurence@sowd.co.nz or phone 027 417 8264 for more details.
