Library Week a Great Success!

The culmination of Library Week 2022 was the "Dress up as your Favourite Fictional Character" Competition and boy, did we have some great entries from both staff and students. A big thank you to everybody who turned up in costume and all those who took part in the activities throughout Library Week. Thanks to Leeanne Burgess for her assistance. Winners of the Costume competition were: 1st Nirvana Collins as The Evil Queen, 2nd Izzy Leyden as Hermione Granger and 3rd Kendra Clark as Alice in Wonderland. Honorable mentions for great costumes go to Luscious Mann, Hayley Clark, all The Flower Fairies, Rebecca Scurr and Kaitlin Burgess.

Captured! Residents of the Falcon Crest Community can rest easy tonight as the murderer of Johnny Jones has been apprehended. Hamish "Hank" Macbeth's involvement was discovered by a team of excellent detectives and he was apprehended. Congratulations To Aidan Smith, Shannyn Ferguson and Rebekah Scurr who correctly identified the suspect and the weapon used. Thanks to all who took part in our "murder for fun" during Library Week. Special thanks to Julie Ann Mallon for her assistance.

Welcome to Tokomairiro High School Lara!

On Monday, I interviewed Tokomairiro's new German exchange student, Lara, to see how she was getting on so far in New Zealand, and to ask how she was liking Milton too. Lara is here for ten months and is staying with a couple of different families while she is here.

Q. How is New Zealand different from where you're from? It's different, here it's more beautiful and the city is nicer. There's less people, in the city I came from there were way more people.

Q. How are you dealing with the move? Was it hard moving? It was hard with sleep because Germany is 10 hours behind, so I was very tired at first.

Q. Were you expecting something different? I was thinking about a lot of this but it was very different, but not a bad sort of different, it's a good sort of different.

Q. Are you finding the people around here nice? They're all very nice and kind. They're asking me a lot of questions about where I'm from.

Q. How is school different from school in Germany? It's very different in Germany, we have long classes, they take 1 and half hours and we have one class that has every subject together and it's very strict, so you have to be on time, so you can't just leave five minutes earlier. We have no uniform so we could wear whatever we wanted, the uniform is quite different.

Q. What is Germany like? I'm from a small city but there are 25000 people living there and it's a nice city but not very beautiful, but we have a very big forest.

Q. Have you been anywhere? Or visited Dunedin? Yes, I was in Dunedin, it's a very beautiful city and it's very big. We went to the mall and I bought some flower earrings while I was there.

Q. Is there anywhere you want to go? I do want to go to the beach, I didn't get the chance to go when I went to Dunedin during the weekend.

- Xavier Tohill

Mrs Sheridan and Lara meet at Dunedin airport last week.

Tokomairiro High School Newsletter...

SCHOOL MISSION: Inspiring Excellence in Education, in Character and in Life.

Kia ora,
OPEN NIGHT

We have had a very busy week hosting our prospective Year 6 students and their families at our Open Night on Wednesday 10th August. Families had the opportunity to visit ten classrooms and meet teachers and students who were able to discuss the year 7 programme and also give them an opportunity to try a quick task in each subject area. All the families that attended were also entered into the draw to win \$50 uniform voucher to spend on their new uniform. Congratulations to the four families who were successful on the night. Feedback from the evening was that it was very informative, and one parent described it as "impressive". A big thank you from me to all who attended and the staff and students who made it so worthwhile for our guests.

WELCOME TO LARA

I would also like to welcome Lara Kissler, our German exchange student who arrived in New Zealand on Wednesday afternoon and immediately got involved in school life by helping out in the food department with the cooking demonstrations. A marvelous effort despite being obviously jet-lagged. Lara will be with us until Jul/Aug next year and is looking forward to seeing some of New Zealand and getting to experience some of its culture. This is also an opportunity for our students to get a feeling for life in another country and make and establish friendships.

ACCORD DAY

Just a reminder that our NCEA accord day will be taking place on Friday 26th August and school will be closed for students in Years 9-13. All students in Years 7 and 8 are still able to attend and will be following a special programme for the day.

SENIOR STUDENTS

Another reminder to our senior students that there are only 10 school weeks left before the exams start. Now is the time to confirm your study programme in preparation for this. Show your revision schedule to a teacher or your parents or even both to get help advice or support on this. The Ball has been confirmed and the committee are working hard to get this ready. Be supportive and get in behind them and make the process as easy as possible. Be aware that ball is secondary to your studies.

Have a good week

Nga mihi.

Genesis

The Genesis is a free publication, delivered weekly to homes and businesses in Milton and Waiholā, and is available on the school website, Facebook or via email. The Genesis office is open Monday and Tuesday 8:30am - 3:30pm. If the office is unattended, any articles, advertising or payments can be taken to the school office or left in the secure box in the office door.

Genesis Deadlines: Advertising - Monday 9am, Articles - Monday 12 noon. Articles/ advertisements can be emailed to the Editor at genesis@tokohigh.school.nz. Genesis is delivered FREE to your letterbox from Tuesday 4pm to Thursday 6pm.

Any payments or donations can be made to Tokomairiro High School, account number 03 1736 0009803 000. Please use GENESIS and your name as reference. - Carolyn Shanks, Genesis Editor

NCEA News

At Years 11, 12 and 13 Tokomairiro High School students and teachers have been making good progress toward their National Certificate of Educational Achievement goals in 2022.

Last week the Ministry of Education announced changes to the Certificate that recognise the impact student and teacher absences due to COVID-19 and other winter illnesses have had on teaching, learning and assessment this year. Similar adjustments were made in 2020 and 2021. This is a brief summary of the announcement:

At Level 1 in 2022, students will be entitled to 1 Learning Recognition Credit (LRC) for every 5 credits earned through assessment, up to a maximum of 10.

At Levels 2 and 3, the maximum Learning Recognition Credits entitlement will be 8.

Students do not have to do anything special to be awarded these credits. They will be automatically added to their total at the end of the year.

In addition, to receive a Certificate Endorsement, students will need 46 credits at Merit or Excellence level, instead of the usual 50.

Lastly, to be awarded University Entrance, students will need 14 credits in each of two UE Approved Subjects, and 12 credits in a third UE Approved Subject. As has been the case in other years, students will also need to attain NCEA Level 3 and meet the regular literacy and numeracy requirement.

We hope that this will take a little of the pressure off of students at a very stressful time of year, and if you have any questions or need clarification, please ask me at bill@tokohigh.school.nz

Milton Saturday Market

On Saturday 3rd September, a new weekly outdoor market will begin in the Tokomairiro Parish Church yard at 30-34 Union St. The market will be held every Saturday, from 9am – Noon. Any unavoidable cancellations (ie: a funeral which prevents the use of the churchyard, the weather is terrible, or there's a planned Town Bazaar on the 8th October) will be publicised.

The market organiser, Sandy Mulqueen, is very grateful for the use of this beautiful setting, alongside an iconic landmark building, which is ideal for a town marketplace. Stall prices are cheap to encourage participation (the more the merrier) and the parish council will receive \$5 from each stall. This will be put to good use. Parish Council chair Eric Gordon said "Over all we are excited with what you are planning and wish you all the best in your venture".

There has been a very enthusiastic response since going public on local Facebook groups. Luckily, there is room for a large number of stalls and most can park their vehicles on-site. Milton is a great location for a farmers' style market, encouraging small local food producers to experiment and grow their business and keen gardeners to share their harvest and make some pocket-money. There's a large variety of other stalls, including coffee and donuts. Fund-raising groups, here's an opportunity for you to run a sausage sizzle. Buskers are welcome.

Bookings are essential and enquiries can be made by email: miltonsaturdaymarket@gmail.com or on Facebook. If you would like to know more, there is a website: www.miltonsaturdaymarket.net and a Facebook page: www.facebook.com/miltonsaturdaymarket. Otherwise, we'll see you there, Saturday morning 3rd September, and let's all pray for a lovely sunny day.

Bible Reading for the Week

'Lord, be gracious to us; we long for you. Be our strength every morning, our salvation in time of distress'.

Isaiah 33:2

Students attend Tertiary Open Day

On Monday 1st August a group of our Year 12 and 13 students went to the Tertiary open day in Dunedin, to try on being a University or Poly Technic student for the day.

This day is attended by young people from all over the country, and Dunedin was buzzing. Our students attended lectures, tutorials and information sessions about a variety of options for next year and the year after. Some choices on the day were, Teaching lectures, the Arts, Automotive, Engineering, Vet Nursing, Nursing, Tourism and Cookery.

A couple of groups who were looking at accommodation choices were supported by ex-pupils, Morgan-Lee and Holly. They made our students welcome and gave tours of their halls of residence.

Our students had a great day and took away valuable information that will be helpful to their future.

Thumbs up after an inspiring day!

Year 13 Statistics class: Bivariate Data

Students are working on data about NBA basketball. This dataset contains data on the body characteristics of 490 NBA Players between 2014-2015 and their corresponding game statistics. We make comparisons to determine this, known as Bivariate data.

From the Music Department...

The Year 9/10 music class are working on Passion Projects this semester. Each student designs their own project based on their musical interests. Some projects include songwriting, learning new instruments, making instruments and event management.

Last period on Fridays has become known as "Karaoke Fridays," where we crank up the speaker, grab the microphone and imagine we're headlining Glastonbury. Standouts so far have been Nirvana's performances of "Californication" and "Paranoid", Harmony singing "Mirror" and Ms Pierre and George's "Don't Go Breaking My Heart" duet.

Using the *hide-the-grated-veges-in-the-spaghetti-sauce* method, Ms Pierre is sneaking in mini-lessons in mic technique, vocal range, singing technique and performance skills.

2022 so far.....

Earlier this month I interviewed Tokomairiro High School principal, Mr Sheridan, for my work experience at the Genesis. I spoke to him about how his year had been so far, how he's liked the position so far and more.

Q. How has your time been at Tokomairiro so far?

Interesting, challenging and exciting. There's something new every day here and there's never an opportunity to get bored, or to feel like I'm stuck in a rut. I am finding it a bit difficult in terms of all the covid restrictions and the mask non mandate. I'm finding it a little bit difficult to get to know the students as they seem to look different all the time.

Q. What has been your favourite part so far?

I think just early on, getting to know the staff because there's a lot less of them. I got to know the staff really early on and it's just seeing and understanding what a positive group they all are, I really have enjoyed working with them.

Q. How is Tokomairiro different from other schools you've taught at?

The last school I taught at had 750-800 students at a time, so there were a lot more students. The previous school only went from year 9 and upwards too. I had taught year 7's and year 8's in the UK but I had forgotten how young they are, and how exuberant they can be. The smaller numbers in the school are a different challenge, I find the students here are less difficult but motivation is tricky. At my last school there were more difficult students but we had a lot more engagement in learning and I don't know if that's a result of covid, or if it was just because it's a completely different school.

Q. Have you accomplished as much as you thought you would in your time here so far?

No, that was mainly because of covid though. I spent the first three months dealing with covid, but there were also issues with the timetable so I spent a lot of time working through the timetable, trying to get the second semester more balanced, so I didn't end up getting as much done as I would have liked.

Q. What are some highlights so far?

That's very similar to working with the staff and getting to know the students, with those I'm looking forward to lots of new things. The celebration assembly was great as I was surprised at how many parents wanted to get involved with that. The catch-up day was also great, as it was a really good way to reward those students who had worked really well, and it was also a way to help those who had been affected by illnesses or other things to get some extra credits. I must've spoken to at least 20-30 students on the day toward the end of it and the credits gained ranged from some getting five, to some getting as many as 15 credits throughout the day, so I was really excited about that.

Q. Have you been getting involved with the community?

Yes and no. Obviously with covid I've tried to stay away from the community, just because the more isolated I am, there's less chance of me getting ill and that affecting the school. I went to a Lions meeting, and a Rotary meeting. I've also been to some rugby games here and there. I've also been to the *Kink in the Road* a couple of times, but that's about it as myself and my wife are staying a bit more isolated, as I said, so it doesn't affect the school too much by me not being there.

- Xavier Tohill

Year 11 Algebra

Students are learning about linear and quadratic equations and simultaneous equations.

They are working on a practice assessment which is based on cheapest options for getting individual staff members to the airport by different means of transportation such as taxi, shuttle and self drive. They are working on how to make equations and graphs which would show the total cost of travel and kilometres.

Blue Mountain Sports Exchange

Last Thursday, Tokomairiro High and Blue Mountain College came together in Milton to compete in their annual sports exchange. There is always a buzz in the community about this and we see numerous spectators from both schools due to its long standing history. This year it was Tokomairiro High's turn to host. This year's tournament was won by Blue Mountain College by a mere point which shows how evenly matched they are.

Our earliest records show that this sports exchange started in 1977 with a triangular tournament in the summer with Menzies college, it then changed to just a Blue Mountain/ Tokomairiro sports exchange. The main sports played historically were Rugby, Netball, Basketball and Hockey. Many of the whanau who were spectators remember playing when they were students and have fond memories of the connections made between the two schools. With time we are trying to incorporate and provide opportunities for as many students as possible to be involved. Golf and Chess were introduced last year and moving forward we hope to also include E-Sports, Bowls, Petanque and squash.

PCT Challenge

On Monday, seven Tokomairiro High School tamariki took on the PCT challenge in Balclutha. The challenge was a test of speed, strength and endurance. The students represented Toko to their fullest and had a great day out!

Science Report

All classes have settled well into the new semester in Science. The junior students in CSI have enjoyed learning all about blood. Part of this involved learning about how blood gets oxygen from our atmosphere and then moves it around the body. This led to some exciting opportunities to do some dissections! See the photos below of our sheep lung dissection. The class also got to dissect a sheep heart and they are currently learning about blood spatter analysis with fake blood! Most students enjoyed this opportunity to have a hands-on experience although an alternative option was given to those students who found the dissections a bit much.

The senior students are hunkering down in preparation for the end of the year with assessments going on to gain credits towards their NZQA qualifications. Some students are in full external exam learning mode as they prepare for end of year exams. This doesn't mean fun can't be had in our learning environment! The year 11 students in Academic Science are learning about motion at the moment

and as part of this had some races to learn how to calculate average speed. Mr Sewell set the benchmark with a competitive 7.54 seconds over 40 metres for an average speed of 5.3 ms⁻¹ but this was eclipsed by Izaac Taylor who dashed with a time of 6.62 seconds over the 40 metres for an average speed of 6.04 ms⁻¹. What was equally impressive was he did this in the classic sprinting footwear of Red Band Gumboots!

Congratulations to the following students who have been invited to attend the Aurora Science Fair which is being held in Dunedin, from Monday 15th - Sunday 21st August. The students will be attending the interview stage of the Fair on Monday, where they will discuss their Science Fair projects and their findings with judges provided from the University and various Science communities in the Otago area.

RSA News From the Trenches

Another week has rocked along with finally warmer days enabling Paddy to come out of hibernation and puff out his feathers.

He is highly excited about the upcoming Wild Foods Night on Saturday night August 27th - with what I have learned are some pretty fantastic dishes that some of you have not tried. They sound absolutely delicious, and are being under the watchful gaze of specialized Wild Food chefs to ensure the absolute ultimate in taste sensation. You'd hate to be the only person not to be there. Also on the same night is the AB vs Pumas test match showing on our four crystal clear panoramic TV's with the Pick the Score still not being struck, currently the jackpot is over \$250 waiting to be won. Also begging to be won, is our weekly membership draw which is currently almost at an eye watering amount of \$400 - so make sure you are there by 6pm Thursday night.

There was a new bit of "eye candy" for the ladies on Thursday night raffles which by all accounts, was a very popular choice with his smooth operations ensuring raffles were sold quickly.

Thought of the day - a friend asked me what the best thing about living in Switzerland was? I said didn't know but the Flag was a big plus!!!!

Milton Sub-Assn Indoor Bowls

As the season is drawing to a close the Champion Pairs were played last Thursday night at the Milton Bowling Club. Each club was represented by a pair and play was on a two life system.

In the first round St Mary's Maureen Little and Pam Wells beat Country Club's Ryan Bloxham and Raymond Perry 9-3, and Glenledi's Shaun Scott and Russell Copland beat Moneymore's Alwyn Read and Bronwyn Woodhead 14-3. Round two saw Glenledi beat St Mary's 9-7 and Country Club beat Moneymore 8-4. In Round three Glenledi had a bye and Country Club (after a very close tussle) beat St Mary's 9-8.

The final was played with Glenledi on two lives and after a very close battle Glenledi's Shaun Scott and Russell Copland come out the winners when they beat Ryan Bloxham and Raymond Perry 7-4. The evening was sponsored by Alistair Allison. The Alec Philip Fours will be played on Thursday night and prize giving will be Friday night. Players, spouses, partners or friends are very welcome. Bring a plate and the bar will be open.
