## Tokomairiro Early Learning Centre on Johnson Graduates

In the past six months we have had twelve tamariki graduate from our Johnson Spenser Street centre and head off to school. The teachers at TELC would like to wish them all the best for the next stage in their learning journey and we look forward to catching up with them during 4 year old transition visits to the schools and reading about their achievements in the Genesis.

## Year 11 Students Try Out New Tools

Last week the BOT supported the Horticulture Department by giving us funds to purchase a battery powered Stihl hedge trimmer and leaf blower. Along with the rotary hoe, mower and brush cutter the Year 11 students have been gaining experience and credits by learning to use these tools safely. They are helping to clear a new section of Salmond Creek for planting.

Ryan Maaka trims a conifer.

Isaac Herbert using the rotary hoe.

Stevie Gunion uses the hedge trimmer.

# Tokomairiro High School Newsletter...

**SCHOOL MISSION: Working together to inspire excellence in education, in character and in life.**

## **Tena koutou katoa, Week Six of Term Three**

We have now started the second half of term three. I was looking at the school calendar and have realised there are a lot of activities happening over the next four weeks, with the senior Outdoor Education camp on this week, Sports and Cultural photos happening on Wednesday, tournament week next week along with a year 12 Geography camp for two days, year 10 camp the following week, Maori language week in week 9 and the school ball at the end of week 10.

### **Cultural Competition**

We will reconsider this week as to when to hold the cultural competition. We will certainly try to hold it before the end of term.

### **Horticulture Trip**

A group of year 9 & 10 students headed off to Blue Mountain Nursery last Wednesday with Ms Nelson and Alan Robinson, our caretaker. They had an excellent opportunity to experience the work and planning of a horticulturalist, and I am sure they learned lots. They purchased a large number of plants for the school, for the creek project. It will now be a busy time getting them all planted.

### **Focus on Positive Relationships**

We are continuing with this focus as we try to support our young people in feeling good at school so they can feel good in their learning. The Board of Trustees is this week reviewing the school bullying policy and this will be updated on the school website as soon as it is completed. If you have any concerns about your young one, please feel free to contact the school. Our Guidance Counsellor, Ross Mackinnon, is happy to meet with parents as well as students. The senior

leadership team and deans are also available to meet with you.

### **Senior Students**

Senior students are continuing to work hard towards their NCEA qualifications. I encourage them to keep their goals in sight and aim for their very best. Many students are also now completing the learning for external standards which will be examined at the end of the year.

### **Progress Report**

This will be emailed home at the end of the week. If you have any concerns about your child's learning, please do make contact with us.

### **Year 6 Students and Parents**

Just a reminder that we are happy to show prospective students and parents around our school at any time and answer any questions you may have. If you would like to come for a tour please contact the school office (03-4178620) to organise a time that suits you.

Remember, our doors are always open. Please come and talk to us if you have any concerns.

### **Regards**

**Glenis Sim,  
Principal**

*Ki to kohahi te Kākaho ka whati, ki te kāpuia, e kore e whati - When reeds stand alone, they are vulnerable, but bound together they are unbreakable.*

### **Technology Free Tuesdays**

There are to be no phones, chromebooks or devices at morning interval or lunchtimes in the library.

10am and 3pm to book.

## **Letter to the Editor**

So the Community Swimming Pool is to be situated between Union and Ajax Streets, where the Service Centre and the old Otago Electric Power Board building now stand. The proposal is said to be a 'done deal'. Do the Milton and district parents realise their children, grandchildren and great-grandchildren will have a quarter mile hike imposed on them by this decision? When school pupils attend the present pool, it is definitely not the quietest situation. Hardly the place for a library through the wall. It is a myth buildings in Milton collapse because of earthquakes. Just observe our collection of century old buildings. Primary age pupils expected to learn to swim before reaching high school will wonder why they have to leave the school grounds! The

gymnasium was built at the high school, obviously, and that's where the pool should be built.

Our mayor is concerned with building close to Salmond Creek, with subsoil stabilization, why not build close to ground level and weight load the pool with rock - temporarily - a common practice in multistorey buildings.

There is a perfect site, vacant, next to the primary school, on high school grounds, with off-street and bus parking on Elizabeth Street.  
*Colin Heads*

## Bible Reading for Today

Glory in his holy name; let the hearts of those who seek the Lord rejoice.  
1 Chronicles 16:10

## Waihola - Clarendon Womens Institute

The Waihola-Clarendon WI held its monthly meeting under COVID-19 Level 2 constraints in the Waihola Bowling Club rooms. Members enjoyed two fascinating speakers after a quick business meeting. It is the organisation's Medical Research Month, and the topic chosen to reflect this – 'breast cancer'. Our speakers were both oncology trained registered nurses who now work for the Otago Cancer Society, providing supportive care for patients at all stages of their journey with breast cancer. Members were told that this is unusual as most agencies specialise in just one stage. They both emphasised the importance of screening programmes and the result this has in detecting disease early, with better outcomes. We were encouraged to persist until happy with the results from a GP consultation, and given examples of determined women who had done this. Risk factors were described, but the range of ages (under 30 to over 90) and both women and men being diagnosed were not what we expected. To be alert for any change, undertake regular physical activity and maintain a healthy weight was their advice. The diagnosis process was described in detail and the multidisciplinary approach to treatment explained, including the range of procedures that might be offered. Again, the support offered; including transport to and from appointments, the availability of prostheses and the 'Look Good, Feel Good' programme left us all feeling very reassured as did a final reminder that an 'incurable' diagnosis does not mean a very short life is left. Jennie thanked them on our behalf. There were many questions still being answered during the shared lunch which followed.

## News From the Trenches

An absolute huge week of happenings at the RSA this week. On Saturday we held a fantastic night for our Sports Tipping Competition where the prizes were handed out. First was Gavin Good (75), 2nd Woody (71), 3rd Greg Manson (70), these were the points, not their ages. Best competition we have run, with new sports adding a new dimension. We are now calling for entries for NPC Tipping Comp, with added twist of three Farah Palmer games each week (Women's Provincial Rugby Comp). So get your name down quick.

If you have got any old car batteries lying around, bring them to RSA or contact Marty Glassford as we will dispose of these for you correctly. If you have moved address recently, can you email Milton RSA on [miltonrsa@xtra.co.nz](mailto:miltonrsa@xtra.co.nz) to update your details. At the end of August, there will be spuds available for purchase for all the Annual Spud Dig competition, so remember to choose wisely. Also being launched is our new Melbourne Cup sweepstake where first prize is \$1,000, this is limited to 24 entries, so get in quick. If there is sufficient interest, we will look at running a second one.

Now I have a new correspondent called Corporal McFloaty who periodically reports on whitebaiting and other water based activities. He reports two incidents, one of Chuck Littlejohn meeting an overly friendly seal, who gave Chuck a wink. Chuck performed an Olympic standard pole vault to escape seal's advances. Second occurred with Cliff Henderson performing heroics pulling a fellow whitebaiter who had fallen in the water, and saved his boat.

Private Pike

## Daffodil Day Update

This Friday (28th), our volunteers will be selling teddy bears, pens and raffles at SuperValue, Tokomairiro 4 Square and Tiny's Milton Butchery. Check out the display of raffle prizes that are in the Stihl Shop window on the main street. Due to Covid 19, and with public health in mind, we have cancelled the produce tables which we normally run outside SuperValue. Many thanks to all the gardeners, bakers and knitters who have been so generous in the past. On each of our tables this year, we will have QR code facilities for online donations.

## Milton Senior Citizens Club

Sorry to inform those keen to go to our concert on 28th August, it is now cancelled due to Covid regulations. Instead on Friday 28th, at 1.30pm we will have a meeting at the rooms. We have Rochelle Fox from Disability Services to show and demonstrate aids to assist us to make life less frustrating - trying to open a jar or tin, reach something either on the ground or out of reach, cleaning your back, putting on socks and trousers/ jeans - who knows which handy thing we would be pleased to know about! For a treat, we are having a party type afternoon tea!!! New members or visitors welcome. See you there.

Neil Walker	95.3, 91.2, 186.5
Paul Griffin	92.3

## Indoor Bowls

What a season 2020 turned out to be, it started late, was meant to go for eight weeks and had to be called off abruptly at six weeks because of that blessed virus that's lurking. With what was played Alwyn Read came out the winner with 10 points. There were six people on 8 points - Russell Copland, Melva Heads, David Gorton, Raymond Perry, Alastair Allison and Alex Benington. Well done all of you. Hopefully next year the season will start on time. The Annual General Meeting will be held next month and all going well so will summer indoor bowls.
