## Tokomairiro High School Athletics Day

Athletics Day was on Friday and started with a colourful parade over the bridge of the house groups. Then a house run around the track showed off the athleticism of each house. In the events, our students participated to the best of their ability along with Mr McClure reminding people where to be over the loud speaker.

After lunch events continued and finished off with a senior house v's teachers relay.

### Results from the day:

House winner - Reid  
Tournament Champion - Leon Healey  
Minor Boys Champion - Leon Healey  
Minor Girls Champion - Sarah Geary  
Junior Boys Champion - Troy Mallon  
Junior Girls Champion - Natalie Dobson

# Tokomairiro High School Newsletter...

**SCHOOL MISSION: Inspiring Excellence in Education, in Character and in Life.**

*Kia ora,*

We have taken another step towards getting back to our normal routines within the school. We managed to hold our whole school athletics day on Friday 24th after it was delayed from Wednesday due to the weather. Our students performed admirably after such a long break, and we engaged in some healthy competition. We will be reviewing the event to see if we can make it better next year and may even consider a new format to better ensure the time is well spent.

Our Parent-Teacher conferences are coming up on the 8th March and we will be closing the school from 11am to ensure that we have sufficient time to devote to this important event. The focus will be on goal setting for our student in order that they can focus on, and get support for those areas in which they need a little extra help. The adage "If you don't set goals how will you know that you have got there" is relevant here.

It is important to set priorities and take action to ensure you get where you want to be otherwise you will just go with the flow and end up somewhere else. It's a time to be selfish and plan for yourself and not where other want you to be. This is very difficult for teenagers and young adults as they have a strong desire to fit in and be part of a group. They make not always make the best choices for themselves. Hence the need to have parents involved in this process so they can advise and also support them to reach these goals.

All parents will receive details of these conferences and be able to make appointments with their child house group teachers early this week.

## Yutei Sei - International Student

Hi everyone, I'm Yutei Sei. I come from Japan. I used to live in Tokyo, the capital of Japan, but while I have been studying in New Zealand my parents moved to Chiba outside of Tokyo. Actually, I'm Chinese. I lived in China before I went to junior high school. I moved to Japan when I was ten. I can speak Japanese and Chinese, but my English is still bad. Although I will only be here for two months, I hope to improve my English.

Speaking of Japan, the funny thing is, I'm not like other Japanese people; I don't like fish, so every time we go to a party to eat sushi, I don't participate. I love pork. Unfortunately, there aren't that many pigs in New Zealand, but I like it here. I went to Lake Hawea. This was my first time camping and I thought it was fun.

The most different thing is that in New Zealand students have to go to a different classroom, but in Japan, the teacher would go to a different classroom for each class.

## Gateway Support the Bee's Knees

A budding apiarist, Alyse Butler tried out her new beekeeper suit while doing some bee-spotting in a school garden. Alyse studied bees last year through Gateway and is now keen to follow this career pathway. She will be working with a local beekeeper.

Alyse is interested in the important link between a healthy environment, the pollination of fruits and vegetables, bees and humans.

## Bible Reading for the Week

## Women's Group at Hub

Women's/Girl's space has come about because there is an incredible capacity for support, friendship, and empowerment that comes from women meeting and engaging with other women. The intention here is to provide a safe, inclusive space where women of all ages can discuss their shared experiences, access resources, and make contacts within the community. We hope this space might act as a springboard for women in the community, for ideas to grow and develop.

There is no agenda, no costs to those who choose to use it, we are here to celebrate all girls and women. There are no strings attached, you may choose to pop in to pick up products or resources with no plan to come back, you may stop by out of curiosity, you may be interested in discussing common interests or experiences and drop in weekly. The products mentioned are period products and pregnancy tests which will be available (discreetly).

We'd love to see you from March 8th on Wednesdays between 2-4pm at the Tokomairiro Community Hub! Find us on Facebook 'Milton Women's Space'.

# Stage 1 water restrictions for Clutha

Recent rainfall means the whole Clutha District, including Milton, can move back to stage 1 water restrictions. We appreciate your efforts to conserve water during these dry times. Stage 1 restrictions are put in place each year from December 1 and remain in place until they are reviewed in late March or if dry conditions affect water supply.

### Stage 1 restrictions mean:

- Outdoor watering is not allowed during the day, so you can only water your garden between 8 at night and 8 in the morning.
- Watering systems may be used during these times; but please don't leave them unattended.

### Please help spread the word.

### Want to get the latest water notices?

- Check out our website [www.cluthadc.govt.nz](http://www.cluthadc.govt.nz).
- Download the Antenno App.
- If you're on a rural water scheme, make sure you are signed up for text alerts or emails.
- Follow Clutha District Council on Facebook and share our posts.

## Report on the future of Clutha's rural water schemes released

An assessment of Clutha District's rural water supplies, looking at how schemes could operate in the future, is now complete and available to the public.

Clutha District Mayor Bryan Cadogan says, "The assessment is publicly available so people can make an informed decision. It doesn't make recommendations about whether schemes should opt out of the Water Services Entity ownership model or not. It presents the benefits, issues and risks of Water Services Entity D versus community ownership for the district's mixed-use rural water supplies."

Council and the rural water schemes working party have been working with the Department of Internal Affairs (DIA). The assessment, funded by DIA, and undertaken by independent management consulting firm, Morrison Low, is the result of this collaboration.

Clutha District has 12 rural water schemes that provide water for farm use and domestic consumption. A number of townships in the district are connected to these schemes, including Kaka Point, Waiholo, Clinton, Tokoiti, Tuapeka Mouth, Waitahuna, Heriot, Pukerau and Waikaka.

All council-owned and operated drinking water, wastewater and stormwater services will be transferred to four new water services entities on 1 July 2024. After this date, councils will no longer have direct roles in managing and operating three water services.

However, after refinements to the original proposal were formulated by the Rural Supplies Technical Working Group, the Government has agreed that users of council-owned drinking water schemes that exist primarily to provide water for agricultural or horticultural purposes may have the option to seek direct ownership and operation of their scheme under certain conditions, independent of a water entity. The transfer of ownership to community users would require 75% of all users (farming and domestic) to agree to any proposal.

The assessment report is available on the Council's website [www.cluthadc.govt.nz/rural-water-future](http://www.cluthadc.govt.nz/rural-water-future) and DIA's website [www.dia.govt.nz/three-waters-reform-programme-working-groups](http://www.dia.govt.nz/three-waters-reform-programme-working-groups)
