Science Fair 2020

Science Fair for Tokomairi High School, as like most places, has been a bit different this year. Students have started working towards our annual fair with those that were well ahead with their research being given the opportunity to submit their projects to the Otago Aurora Science Fair, this was held in early August. As with all things Covid it was decided that we would not attend the judging day, which was held in Dunedin, but instead the Aurora committee were happy for us to send our 23 entries in and let them be judged without the students having to go through the interview stage.

Even with this disadvantage Ezekiel Scurr, Keiran Haar and Wyatt Mallon, Lucy Clark and Sarah-Jane Norman all came away with Aurora Awards.

Congratulations to you all for this great effort.

Our own Tokomairi High School Annual Science Fair will be held on Wednesday 16th September. The hall will be open for the public to come along and view the students' work in the evening from 5.30 - 7pm.

Science Fair Award Winners (L-R), Keiran Haar, Sarah-Jane Norman, Ezekiel Scurr, Lucy Clark and Wyatt Mallon.

Students Attend Golf Programme

Last week the Tony Tourell Golf Programme was held at the Toko Golf Club in Milton - it was a beautiful, sunny day to spend the afternoon on the golf course! This event is for primary aged students of all skill levels, most of them giving the sport a go for the first time. Students from Milton Primary School, St. Mary's School and Tokomairi High School were all involved. All the students had a great afternoon, and some were keen to go back with their parents or grandparents, to play again!

Golfers in the making - (clockwise from top left), Lucy Clark gets into the swing, THS participants, Archie Finch, Riley Milburn and Ryan Shanks at the flag, Caitlyn Scott ready to tee off.

Tokomairiro High School Newsletter...

SCHOOL MISSION: Working together to inspire excellence in education, in character and in life.

Tena koutou katoa, Week Eight of Term Three

This is the third last week of term and is again a very busy week.

Year 10 Camp

From Wednesday to Friday this week, our year 10 students head off to camp at Tautuku. With a new programme planned for this year, I am sure these young people will enjoy their camp and rise to the challenges set for them. This is a wonderful opportunity for these young people to spend time in the beautiful Catlins area. Thanks to Ms Cowie and Mr Sinclair for their organisation.

Love Me Not

The year 12 students are taking part in this programme on Wednesday. This programme was set up as a result of the Sophie Elliot death, and focuses on healthy relationships. A team from the NZ Police run the programme for the day in our school.

Student Profiles

You will find a student profile, for our senior students, in each edition of the Genesis over the next few weeks. We want to share the success and passions of our young people and what has been special for them at Tokomairiro High School.

Tournament Week

Congratulations to all those students who represented the school during Tournament week. Three of our boys played for the U15 South Otago Rugby team which won their tournament. The boys' hockey team played in the tournament in Dunedin and managed to win their last game. In Invercargill our netball team faced a real challenge and, although they did not win any games, they played well and developed their skills over the tournament. Congratulations to Kyerah Smith who was named in the Tournament B Team. The players in all three teams were great representatives of our school.

Cell Phones

Due to the distraction that cell phones are causing in the

classroom, we have made the decision that cell phones are not to be used in the classroom. If students have cell phones at school, they must be turned off in the students' school bags or in the teacher's box. If it is urgent for a

parent to contact their child then we ask they please call the school office (03 417 8620) and a message will be sent to the child. We ask that you support us with this endeavour.

Be an Upstander

Research shows that one of the biggest issues when trying to combat bullying is the part the bystander plays. We want our students to show that they are not prepared to be a bystander in any situation where they see or hear any form of bullying. We want our young people to be an upstander and stand up to any bullying behaviour. Our initiative, Be an Upstander, is designed to support our young people to do this. If they are being bullied, or see or hear someone being bullied, they can use the QR code on posters around the school to open and complete a bullying report form which goes to our Guidance Counsellor and Deputy Principal. Any form that is received will be acted upon. Please encourage your young person to be an upstander against bullying in our community.

Senior Students

Senior students are continuing to work hard towards their NCEA qualifications. I encourage them to keep their goals in sight and aim for their very best. Many students are also now completing the learning for external standards which will be examined at the end of the year.

Cups and Trophies

A reminder to students to please return all cups and trophies, awarded in 2019, to the school office as soon as possible.

Year 6 Students and Parents

Information packs for 2021 Year 7 and enrolment forms will be out in primary schools in the next week. Enrolment forms should be completed and returned by the end of this term. If you have any questions, or would like to have a look around the school at any time, we are happy to organise this. A transition programme is currently being put together and year 6 students will have an induction programme next term. We also organise an interview time, for each year 6 child and their parents, early next term.

Remember, our doors are always open. Please come and talk to us if you have any concerns.

Regards

**Glenis Sim,
Principal**

Student Profile Zayde Francis (Year 13)

What is your favourite subject and why? It has always been a toss-up between English and Physical Education. In English, I have always loved the ability to express my opinion through the use of pen and paper. Reading between the lines and analysing films is something I will always enjoy, and I look to continue this after my time at Tokomairiro finishes. I love my sports, so Physical Education is something I have always enjoyed. Having the opportunity to complete training programs, compete in sports and have a more biomechanical outlook at sports, all while working towards NCEA is something that I'm very grateful for.

What opportunities have you had at our school? I've had the ability to develop my leadership in many ways. Just this year I have been fortunate enough to hold the positions of Head Prefect, House Captain, Treasurer of the Student Council and Peer Support Leader. Tokomairiro High School set me up with the responsibility earlier on in my tenure at this school, having being given the opportunity to complete many leadership courses and just recently I was granted a scholarship to compete a 21 day course at Outward Bound.

How do you think Tokomairiro High School has set you up for life after school? Tokomairiro has provided me with countless opportunities to improve my leadership, academic and sporting abilities. With these skills being developed, I have been gifted the chance to thrive in any area I choose to pursue.

What is your favourite thing about Tokomairiro High School? The tight knit community that has been created over the years. Everybody knows everybody, and that has something that is hard to recreate or replace in bigger schools. Due to the smaller roll, there are more opportunities for students to take up. Students are also able to connect with teachers more, and personalise their learning.

What will you always remember about school? The memories that I have made with all my friends, some have left school, some are still with me, but the memories will always be there.

Newsletter continued...

Wednesday 23rd September - Year 12 - RYDA
Friday 25th September - School Ball
Friday 25th September - End of Term Three.

Milton Angling Club Report

A calm, overcast and somewhat chilly morning set the scene for those who went out early to catch their bag for our annual Ice-Breaker competition which is held for the community. Dotted along the riverbank were fishermen young and old, waiting patiently for their lines to play, as bait was nibbled - and hopefully to be followed by the almighty bow in their rod as the fish were finally hooked. Unfortunately not all got to experience that! As the day passed, the clouds grew more intense and changed to dark grey, the wind picked up and even though there were little pockets of sun coming through, it just wasn't enough to break the cold. Some of our fishermen had a tale or two to tell. One was over-excited about netting a fish, and ended up bottom first in the water, another's line went frantic and excitement grew, only to find it was a baby trout on the end (who happily swam away), and the almighty weight on the end of another line that turned out to be a sack of sand. We did have a reasonably good outcome at weigh-in time. Lindsay Carr had the heaviest bag (3 fish) weighing in at 3.685kg.

Brendon Weir won the heaviest trout at 2.720kg and won the mixed bag. Wendy Aitken won the heaviest perch at .610gms. A big congratulations to Shavaughn Lomas-Carr who took out the complete junior section, winning over \$250 worth of prizes. Well done to you all and may you have 'tight lines' always.

(Left) - Shavaughn Lomas-Carr receives her prize from President, TC.

News From the Trenches

Paddy the pigeon, who has just returned from Fathers Day Lunch, where he over indulged in the food department, may not be able to deliver this report due to weight restrictions.

This Friday sees our NPC Tipping Competition commence with North Harbour vs Canterbury. Join up for this competition, as entries have taken off, so should be a fantastic contest. All games are on Friday, Saturday and Sunday. Due to Covid restrictions, the best place to watch Otago vs Auckland is at RSA starting 4.30pm on Saturday.

The Land Raffle is rapidly being snapped up, with prime sections gone already. Make sure you don't miss out on grabbing your selections. Also heading upwards is our Joker Draw, with totals getting close to \$2,000 being won. Plenty of regular members have had their names drawn out for membership draw and bar tab, and missed out on free prizes.

Finally Nurse Margaret seems to have lost a yellow ball which may belong to Private Pike - this is driving Nurse Margaret crazy!!!! So kindly help her out.

Private Pike

Blake Leadership Award

Sir Peter Blake believed in the incredible potential of young people to achieve great things. The BLAKE Young Leader Awards aim to recognise our young New Zealanders (Years 5-8) who show commitment to leading positive change in their community that leads to a sustainable future for Aotearoa.

This year the recipient at Tokomairiro High school is Sophie Restall - an outstanding young leader who, as well as showing amazing leadership skills, sets high levels of achievement and strives for personal excellence in all she does. Sophie truly portrays our school values of Respect, Responsibility and Excellence. Her friends describe her as friendly, caring and approachable.

In assembly on Monday, Rebecca Ryan, Manager of Westpac Balclutha, presented Sophie with her award. Congratulations Sophie.

New Learning Support Role

Carmel Marshall discusses her role as Learning Support Coordinator for our local schools.

The role of the Learning Support Coordinator (LSC) in New Zealand schools is an exciting new one. There are just over 600 of us currently employed by the Ministry of Education (around 50 in Otago/Southland) and we work within "clusters" of schools.

This is the first year for Learning Support Coordinators (LSCs), and we are still learning about all the ways we can support schools. I am the sole LSC working in the Tokomairiro Kahui Ako (Community of Learning), and I work across five schools (in the Milton and Lawrence districts - Tokomairiro High School, Milton Primary School (where I will be based), St Mary's School Milton, Waitahuna School and Lawrence Area School. My background is as a primary school teacher and former deputy principal. I have taught at all primary and intermediate levels, and have worked in both rural and urban schools across NZ. I have also worked as a health educator in schools, and

lectured in teacher education at the University of Auckland. The Ministry of Education has a growing focus on ensuring schools meet the needs of diverse learners. Part of my role is to help schools identify those who need additional support or extension in the classroom, and to work out what support they would benefit from. I help apply for funding and resources for individuals and groups of learners. The role is also about simplifying the current learning support system to make it easier for parents and schools.

LSCs work collaboratively to organise learning support around what best meets the needs of children and young people across the local community. In order to do this, we work with several agencies and professionals to bring about the best outcomes, including: Resource Teachers of Learning and Behaviour (RTLBs), Resource Teachers of Literacy (RTLit), Public Health Nurses (PHN), SENCos (Special Educational Needs Coordinators), Ministry of Education specialists and others.

One of my key projects has been to establish a Learning Support Register in each of the schools. This helps the schools to keep track of the learning needs and the support that children and young people are receiving, thereby ensuring that resources are focused in the right places. We are also able to use the Register to look at trends across individual schools, and across all five schools, so that the teachers can learn together where there are common needs. I am really enjoying the variety of this new role, and building relationships with so many fantastic people across the community. I am lucky to be able to work with such a great bunch of people - teachers, teacher aides, principals/school leadership teams, families/whanau, students and agencies. I look forward to developing this role further.

Carmel Marshall

Year 12 Geography Camp - Quarantine Island

This year, the Year 12 Geography class decided to do their research standard looking at lockdowns of the past on Quarantine Island, in Otago Harbour.

On Wednesday the 2nd September, we visited Toitu to find out about the early settlement of Dunedin, then to the University to find out how Dunedin was planned. Next we drove to Port Chalmers to board the *Vivienne J* to the Island. We were met by Meghan Hughes the new Keeper of the Island. She told us about the history of the Island as a Quarantine Station for the ships coming to Dunedin with Immigrants from 1860 to 1920. The Passengers of the ships that had disease on board had to stay for a period of two weeks, to ensure they did not infect the population of Dunedin with smallpox, scarlet fever, measles or typhoid. There were boarding houses on the Island and two hospitals. The Cemetery provided the information for our research on patterns as we looked at factors like gender, age, country of origin, cause of death.

On Thursday the *Vivienne J* was back to get us and took us on a cruise around the harbour.

Two amazing days, great weather, great group of people.

Bring along your wool and needles, any unfinished projects, or just have a go at something new!

Rebus Club of Milton

At the August meeting, the Clutha District mayor was the speaker. He opened by saying how lucky he was to be amongst friends. He gave members an update on the Milton projects and explained the reasons for choices made to upgrade the town. The first objective is to make it look attractive to encourage people to stop. Experts were used to design ways to achieve this and plans shown to members of what it could look like. Brian is enthusiastic about the district and sees great potential in Milton with land available for building, the cycle trail to be extended from Lawrence and he mentioned the amazing benefactor of Calder Stewart. He also commented on the great work being done by Project Bruce for the wellbeing of locals. (We sincerely thank them both for their generosity and input to our community).

To progress, change has to happen. Standing still is not an option! We are also grateful to Brian for his foresight, making sure he connects and communicates with people.

Brian was thanked by Malcolm McElrea and given a gift of fruit which he immediately asked to be taken to The Hub as he thought they would know a worthy recipient.

The next meeting is on Tuesday September 15 at 10 am at the RSA Hall. The speaker is Steve Newall who has a nursery at Finegand. Committee please meet at 9.30 am.

Toko Rec Centre Gym Report

Spring Special – With the days getting longer it is easier to get motivated – take advantage of our offer and come and join the gym. Buy 3 month membership and get a month free. Offer ends 30th September. Staff on between 8am and 5pm during the week. Outside of these hours, an access fob is needed which can be purchased when you join allowing 24 hour access. Fobs can also be purchased for casuals and we suggest a concession card for these people which gives you 10 sessions for \$60. If you know of family or friends coming to visit who wish to use the gym, this can be arranged – just call in and see us during the week or give us a ring on 417 7066.

Now that we have 24 hour access, early morning is a good time to get your exercise done. There are no longer time restrictions here in Milton. It's all here for you anytime. See tips below...

MAKE A COMMITMENT WITH A FRIEND.

It can be helpful to have an accountability partner, so make plans to have a joint workout with a friend. Feeling that someone else is counting on you to attend will make it less likely you'll skip the session. Even better, seeing your friend perform - running a longer distance or lifting heavier weights - may also give you the motivation to push yourself, and you can see tips and celebrate each other's progress.

GO EARLY.

By getting up early in the morning and heading to the gym before you start your day, you've successfully avoided the eight to 10 hours you'd be able to talk yourself out of going. Exercising can be energizing, making it an ideal morning routine—but if you wait, you might feel too tired to go. Getting out of bed may be tough those first few mornings, but once you've established a rhythm, you'll be glad you did.

Keep Moving Group is proving popular on a Tuesday and Thursday at 2.30 pm where strength and balance exercises take place and these are particularly good for the older generation. The cost of this class is \$3 per session.

All welcome.

For more information about having an advertisement created especially for your business or organisation at no extra cost, or details on sizes and pricing, please email the Genesis office at: genesis@tokohigh.school.nz, or phone 03 4174483, Mondays or Tuesdays.
